Dear Students and Parents,

A couple of policy reminders – please: for reasons of health (social distancing), security, and property damage, only students accompanied by a responsible adult may be in the waiting room for a substantial length of time (more than about 10 minutes). Also, due to recurring insect problems (cracker and snack crumbs, etc., particularly around the desk area), **there may be NO food of any kind in the waiting room.** Water bottles are fine, especially for voice students. Siblings are welcome if they engage in quiet activities, no running, and no climbing on furniture. Of course, parents are responsible for siblings so that the student and instructor can remain focused on the lesson.

Thank you all for your cooperation.

Sincerely,

Lorraine Hale
